

## Contact our Builders

Buying a lot in SunRidge from one of our builders is a great way to secure a new home in this popular community. You can do this in four simple steps:

1. Use our **[interactive lot map](#)** to choose the available lot that you'd like
2. That map will also indicate which of our builders owns that lot
3. Contact the builder
4. The sales process is now between you and the builder

### **Advantages of buying from a builder**

You are assured the lot you choose and will not need to go through the process of the lot draw.

### **Limitations of buying your lot from a builder**

When you purchase from a builder in SunRidge, you are really purchasing your home, including the building and lot. That means your new home will be constructed by this particular builder on the lot you have purchased. Although this gives you less choice and flexibility, rest assured we select only the **finest builders** in our community and you can work with your builder to customize your home to fit your needs.
